Hope for Haiti

Haiti is the poorest country in the Western hemisphere, and one of the most disadvantaged countries in the developing world. Seventy-six percent of Haitians live on less than US\$2 per day, while 55 percent live on less than US\$1 per day.

Haiti has a population of 8 million. Eighty percent live in poverty, one million children are chronically malnourished and one in eight will not live to see adulthood.

Scott Bonnell and Pastor Fritz Albert.
Pastor Albert oversees 115 churches
and 70 schools in central Haiti.

Every year, an estimated 38,000 children under the age of five die - almost one out of three because of malnutrition.

\$20 per month will feed 6 children.

\$35 a month for will feed 10 children.

THEY need you help!

James 2:14-17 "What good is it, my brothers, if a man claims to have faith but has no deeds? Can such faith save him? Suppose a brother or sister is without clothes and daily food. If one of you says to him, "Go, I wish you well; keep warm and well fed," but does nothing about his physical needs, what good is it? In the same way, faith by itself, if it is not accompanied by action, is dead."
